PDN 152803: Product Discontinuance Notice – Products Single sourced in GlobalFoundries BCD3T 200mm Process

Description:

Microsemi is announcing the discontinuance of the Le75181, Le75183, and Le75282 product families due to GlobalFoundries' End of Life (EoL) notification to Microsemi. This EoL affects products built using the BCD3T 200mm process.

Reason for Discontinuance:

Our supplier is discontinuing support of our proprietary BCD3T process, based on diminished demand and low forecast volumes on this technology at GlobalFoundries.

Customer Impact:

These devices are being removed from Microsemi's product offering and will no longer be available for order after February 2, 2016. Please contact your local Microsemi Sales Office for information regarding conversion to alternate parts.

Last Order Date: February 2, 2016

Please note that all orders must be booked as non-cancelable non-returnable (NCNR) by no later than February 2, 2016. No new orders will be accepted after this date. Although Microsemi will attempt to accommodate all requirements, it is highly recommended that orders be placed as far as possible in advance of the order deadline. The inventory is limited so orders will be taken on a first-come, first-served basis.

Last Shipment Date: August 2, 2016

Please note that Microsemi will continue to ship last-time-buy orders as requested only through August 2, 2016. Product orders must be scheduled to ship no later than this date.

Products Affected by this Discontinuance:

LE75181BBSC
LE75181BBSCCT
LE75183ADSC
LE75183ADSCCT
LE75183CDSC
LE75183CDSCCT
