

Part Change Notice: MM60 and MM70 Series to Change Cover Tape Supplier

JAE will be changing its supplier for the cover tape used in the tape and reel packaging for the MM60 and MM70 Series. The switch to the new cover tape will occur once the existing inventory from the previous supplier runs out. The packaging and connector will meet all of the same dimensions and specifications as before. There will be no changes to the connector handling, PCB mounting processes, form, fit, or function.

Please see the details below for the expected dates of when the new cover will be used.
